Cookies

Cookies are small text files that are used to store small pieces of information. They are stored on your device when the website is loaded on your browser.

Cookies are used to compile anonymous statistics related to the use of our websites and the patterns of browsing. These cookies help us make the website function properly, make it more secure, provide better user experience, and understand how the website performs and to analyse what works and where it needs improvement.

As most of the online services, our website uses first-party and third-party cookies for several purposes. First-party cookies are mostly necessary for the website to function the right way, and they do not collect any of your personally identifiable data. The third-party cookies used on our websites are mainly for understanding how the website performs, how you interact with our website, keeping our services secure, and all in all, providing you with a better and improved user experience.

The cookies we use are:

- Necessary: Some cookies are essential for you to be able to experience the full functionality of our site. They allow us to maintain user sessions and prevent any security threats. They do not collect or store any personal information.
- Functional: These are the cookies that help certain non-essential functionalities on our website. These functionalities include embedding content like videos or sharing content of the website on social media platforms.
- Preferences: These cookies help us store your settings and browsing preferences like language preferences so that you have a better and efficient experience on future visits to the website.
- Analytics: These cookies store statistical information like the number of visitors to the website, the number of unique visitors, which pages of the website have been visited, the source of the visit, etc. These data help us understand and analyse how well the website performs and where it needs improvement.

Should you decide to change your preferences later through your browsing session, you can click on the "Manage consent" tab on your screen. This will display the consent notice again, enabling you to change your preferences or withdraw the consent entirely.

In addition to this, different browsers provide different methods to block and delete cookies used by websites. You can change the settings of your browser to block/delete the cookies. To find out more about how to manage cookies, visit aboutcookies.org.

Clicking any link on our website is taken as implied consent to our placing cookies on your device unless you have disabled them as described above.
