TGEU is a member-based organisation committed to fostering strong trans movements. We provide direct support to our members, and they define our strategy.

We also work with members to advocate for trans rights at the local level.

Our members are vital to TGEU's mission. They ensure we retain a community focus and represent the diverse needs of trans people.

Why join TGEU?

How to become a member?

TGEU offers these two types of membership categories:

1. **Full membership:** for trans led groups and individuals actively engaged in trans rights activism and based in Europe and Central Asia
 - This category of membership will give you voting rights as well as access to resources available to full members only (in-person trainings, scholarships, individualised consultation...). It is available for organisations which are charitably or politically active and provide support to trans people (for

example, self-help groups). Groups may have other fields of work, but support for trans people should be one of the principal activities.

2. **Supporting membership:** for groups and individuals who are allies or based outside of our regional scope ie. Europe and Central Asia
 - While supporting members do not enjoy the same rights as full members (e.g. rights to vote, access to certain full members-only opportunities...), supporting members are vital to strengthen our collective efforts and work towards a Europe, Central Asia and world free from discrimination.

You can apply online through the links below. Our Board reviews all applications within the span of about 2 months, and we'll notify you as soon as they make a decision.
